

# 32<sup>nd</sup> Annual Conference of the International Society for Environmental Epidemiology

Advancing Environmental Health in a Changing World

**ISEE  
2020**  
August 24-27, 2020

## **Manolis Kogevinas**

***Barcelona Institute for Global Health, ISGlobal, Spain***

Professor Manolis Kogevinas is the Severo-Ochoa Scientific Director at the Barcelona Institute for Global Health (ISGlobal). He graduated at the Medical School of Athens, Greece and has PhD degrees from the University of Athens (1985) and the University of London (1989). He worked at IARC/WHO, Lyon, and was co-Director of the Centre for Research in Environmental Epidemiology (CREAL) in Barcelona, Spain. His research focuses on the evaluation of environmental and genetic factors in relation to cancer, respiratory diseases and child health. He served in several WHO and other expert committees. He has been Director of the European Educational Program in Epidemiology (EEPE, Florence), and was President of the International Society for Environmental Epidemiology (ISEE). He is committed to global public health and is active in the promotion of global research in environmental epidemiology and translation of research findings into policy.
